and begging)
No! Please, I'll give you anything!
Riches! Power! Just name your
price!

PLAYER
(in character)
I come for your crown.

The Dust King sits in attention.

DUST KING
(in character; shaking
fist in the air)
You? A min-maxing knave? Never!

CUT TO QTE

SHOT FOR SHOT PARODY OF THE WORST DEATH SCENE EVER:

[WHEN] THE PLAYER MELEES

The Player back hands the Dust King in the face.

While SCREAMING, the Dust King falls across the "banquet table" that is really just the gas station counter.

ZOOM IN ON THE SHOCKED AND SCARED EXPRESSION ON THE DUST KING'S FACE.

[WHEN] THE PLAYER PULLS THE RIGHT TRIGGER

The Player fires their LARP weapon.

While SCREAMING, the Dust King, now standing for some reason, in SLOW MOTION reacts to being shot by the nerf dart. The darts keep hitting the Dust King in real time, while the Dust King remains in slow motion, gripping his stomach as he squeezes ketchup packets to look like blood.

[WHEN] THE PLAYER PULLS THE RIGHT TRIGGER

The Player fires the weapon again.

While SCREAMING, the Dust King, still the only one in slow motion, dramatically spins around and slaps a soda bottle off the counter as he dramatically falls against the wall.

[WHEN] THE PLAYER PULLS THE RIGHT TRIGGER

The Player fires the weapon again.

While SCREAMING, the Dust King dramatically stands back up and spins to throw himself spread-eagle against a different wall.

[WHEN] THE PLAYER PULLS THE RIGHT TRIGGER

The Player fires the weapon again.

While SCREAMING, the Dust King dramatically spins back around to see the Player and doubles over in "pain".

[WHEN] THE PLAYER PULLS THE RIGHT TRIGGER

The Player fires the weapon again.

While SCREAMING, the Dust King spins one final time and gently positions himself in the throne before slouching as if dead. Only one eye closes, as he "sneakily" watches the Player with the other eye.
